

A FATAL FIGHT AT TYLER MILL

John Davis Assaulted Ed Williams and Cut His Throat.

MAN IN DANGEROUS CONDITION

Officer Granger Arrested Davis and Brought Him to Gainesville. Where He is Held in Jail to Await Action of Grand Jury.

There was a row at the mill of the Tyler Lumber Company Saturday night which came very near resulting seriously, and may yet develop into murder.

It appears from the information obtainable that John Davis and Ed Williams got into a row at a festival over a woman, with the result that Davis sprang upon Williams, an open knife in hand, and before anyone was aware Williams' throat had been cut from ear to ear, the jugular vein being the only thing that saved his life. While the cut was clean and well directed, it seems that by a miracle the knife blade did not effect the jugular vein, which would have meant instant death.

Officer Granger happened to be in the vicinity, and was promptly summoned. Davis did not attempt to leave the place, believing probably that there was no officer in the vicinity who would dare arrest him.

From the story which was related by Officer Granger, it appears that the two men engaged in the trouble and agreed to fight it out in the room in a fair way, when Williams got the better of his opponent. It is said that Davis shook hands, admitted his defeat, and said he was satisfied. With that the festivities proceeded, but Davis, still dissatisfied, waited upon the outside, and when Williams emerged from the building assaulted the man with a knife, with the result that his life was almost taken away.

Officer Granger arrested the man and brought him to this city, where he was arraigned before Judge Mason. He waived examination, and was held in the sum of \$300 for his appearance before the grand jury at the coming term of the circuit court.

Williams is in a dangerous condition, and may not live.

There was a meeting of citizens, signers of the petition asking Mayor Thomas to be a candidate for the same position for another year, at the council chamber Monday afternoon. At this meeting the majority was freely discussed, and it was decided that at this time it was very essential Mayor Thomas accept the office for another term, which he agreed to do.

L. C. Lynch, who has been an aspirant for the mayoralty, was recommended by the meeting as a member of the Board of Public Works. Mr. Lynch announced himself as a candidate for mayor several weeks ago, after Mayor Thomas had announced his intention of not entering the race.

Left on Evening Train Over Gainesville and Gulf Sunday.

The boys of the University of Florida, who gave the people of their future home a treat in the nature of a minstrel entertainment Saturday night, returned to Lake City by the Gainesville and Gulf Sunday evening.

The boys were well pleased with the city, and expressed a regret that they could not have remained longer. They were treated to a drive Saturday evening, through the courtesy of the livery stables, many places of interest, including the new University buildings, now under course of erection, being visited.

At the conclusion of the performance Saturday night the boys were tendered a banquet at The Oaks.

STOP, WOMAN!

AND CONSIDER
THE ALL-
IMPORTANT FACT

That in addressing

Mrs. Pinkham you are confiding your private life to a woman—a woman whose experience with women's diseases covers a great many years.

Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

DR. MORROW PLEASED.

He Thinks Gainesville One of the Prettiest Places in Country.

Dr. E. R. Morrow of New York, one of the prominent physicians of that city, is here for a few days on a visit to his parents, Col. and Mrs. A. P. Morrow.

Dr. Morrow is well pleased with Gainesville, which he declares to be one of the prettiest "little" cities he has ever visited. "I don't blame my parents for making their home here," he said, "for nothing is more joyful than a congenial climate and congenial friends. If they are not satisfied here they could not be satisfied anywhere, and if it was not for my practice, which is virtually my living, I would dearly love to come to Gainesville and spend the balance of my life. I do not wonder that my dear father and mother love the place so well, from what I have seen so far."

Doctors Are Puzzled.

The remarkable recovery of Kenneth Melver of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst coughs and colds, bronchitis, tonsillitis, weak lungs, hoarseness and lagrippe. Guaranteed at all drug stores. 50c and \$1. Trial bottle free.

Do Not Be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

RHEUMATISM THE TERROR OF WINTER

Rheumatism is usually worse in Winter because of the cold and dampness and other changed conditions of the climate. The occasional twinges of the disease that are felt during the warmer weather are changed to piercing pains, the muscles become inflamed and swollen, the nerves get sore and excited, the bones ache, and Rheumatism, the terror of winter, takes possession of the system. Then the sufferer turns to the liniment bottle, the woolen clothes, the favorite plaster or some home remedy, in an effort to get relief. But Rheumatism is not a trouble that can be rubbed away or drawn out with a plaster; these things relieve the pain and reduce the inflammation, but do not reach the real cause of the trouble, and at the next exposure another attack comes on. Rheumatism is caused by a sour, acid condition of the blood. The refuse matter and bodily impurities which should be carried off through the channels of nature have been left in the system because of indigestion, weak kidneys, torpid liver and a general sluggish condition of the system. These impurities sour and form uric acid, which is absorbed by the blood and distributed to the different muscles, joints, nerves and bones, causing the painful symptoms of Rheumatism. S. S. S. goes to the root of the trouble and cures Rheumatism by cleansing the blood. It neutralizes the acids and filters them out of the circulation and sends a stream of pure, rich blood to all parts of the body. Then the pains cease, the inflammation subsides, the nerves are quieted, every symptom of the disease passes away, and the cure is permanent. S. S. S. is purely vegetable and does not injure the system as do those medicines containing Potash and other minerals. Book on Rheumatism and medical advice without charge.
